B. Findings

1. Findings pursuant to the Massachusetts Wetlands Protection Act:

Following the review of the above-referenced Notice of Intent and based on the information provided in this application and presented at the public hearing, this Commission finds that the areas in which work is proposed is significant to the following interests of the Wetlands Protection Act. Check all that apply:

- | | | |
|---|---|--|
| <input type="checkbox"/> Public Water Supply | <input type="checkbox"/> Land Containing Shellfish | <input type="checkbox"/> Prevention of Pollution |
| <input checked="" type="checkbox"/> Private Water Supply | <input type="checkbox"/> Fisheries | <input checked="" type="checkbox"/> Protection of Wildlife Habitat |

2. This Commission hereby finds the project, as proposed, is: (check one of the following boxes)

Approved subject to:

- the following conditions which are necessary in accordance with the performance standards set forth in the wetlands regulations. This Commission orders that all work shall be performed in accordance with the Notice of Intent referenced above, the following General Conditions, and any other special conditions attached to this Order. To the extent that the following conditions modify or differ from the plans, specifications, or other proposals submitted with the Notice of Intent, these conditions shall control.

Denied because:

- the proposed work cannot be conditioned to meet the performance standards set forth in the wetland regulations. Therefore, work on this project may not go forward unless and until a new Notice of Intent is submitted which provides measures which are adequate to protect these interests, and a final Order of Conditions is issued. **A description of the performance standards which the proposed work cannot meet is attached to this Order.**

- the information submitted by the applicant is not sufficient to describe the site, the work, or the effect of the work on the interests identified in the Wetlands Protection Act. Therefore, work on this project may not go forward unless and until a revised Notice of Intent is submitted which provides sufficient information and includes measures which are adequate to protect the Act's interests, and a final Order of Conditions is issued. **A description of the specific information which is lacking and why it is necessary is attached to this Order as per 310 CMR 10.05(6)(c).**

WPA Form 5 – Order of Conditions

Massachusetts Wetlands Protection Act M.G.L. c. 131, §40
and Town of Plymouth Wetlands Bylaw

C. General Conditions Under Massachusetts Wetlands Protection Act

(only applicable to approved projects)

1. Failure to comply with all conditions stated herein, and with all related statutes and other regulatory measures, shall be deemed cause to revoke or modify this Order.
2. The Order does not grant any property rights or any exclusive privileges; it does not authorize any injury to private property or invasion of private rights.
3. This Order does not relieve the permittee or any other person of the necessity of complying with all other applicable federal, state, or local statutes, ordinances, bylaws, or regulations.
4. The work authorized hereunder shall be completed within three years from the date of this Order unless either of the following apply:
 - a. the work is a maintenance dredging project as provided for in the Act; or
 - b. the time for completion has been extended to a specified date more than three years, but less than five years, from the date of issuance. If this Order is intended to be valid for more than three years, the extension date and the special circumstances warranting the extended time period are set forth as a special condition in this Order.
5. This Order may be extended by the issuing authority for one or more periods of up to three years each upon application to the issuing authority at least 30 days prior to the expiration date of the Order.
6. Any fill used in connection with this project shall be clean fill. Any fill shall contain no trash, refuse, rubbish, or debris, including but not limited to lumber, bricks, plaster, wire, lath, paper, cardboard, pipe, tires, ashes, refrigerators, motor vehicles, or parts of any of the foregoing.
7. This Order is not final until all administrative appeal periods from this Order have elapsed, or if such an appeal has been taken, until all proceedings before the Department have been completed.
8. No work shall be undertaken until the Order has become final and then has been recorded in the Registry of Deeds or the Land Court for the district in which the land is located, within the chain of title of the affected property. In the case of recorded land, the Final Order shall also be noted in the Registry's Grantor Index under the name of the owner of the land upon which the proposed work is to be done. In the case of the registered land, the Final Order shall also be noted on the Land Court Certificate of Title of the owner of the land upon which the proposed work is done. The recording information shall be submitted to this Conservation Commission on the form at the end of this Order, which form must be stamped by the Registry of Deeds, prior to the commencement of work.
9. A sign shall be displayed at the site not less than two square feet or more than three square feet in size bearing the words,

"Massachusetts Department of Environmental Protection" [or, "MA DEP"]

"File Number SE57-2314 "

C. General Conditions Under Massachusetts Wetlands Protection Act

10. Where the Department of Environmental Protection is requested to issue a Superseding Order, the Conservation Commission shall be a party to all agency proceedings and hearings before DEP.
11. Upon completion of the work described herein, the applicant shall submit a Request for Certificate of Compliance (WPA Form 8A) to the Conservation Commission.
12. The work shall conform to the plans and special conditions referenced in this order.
13. Any change to the plans identified in Condition #12 above shall require the applicant to inquire of the Conservation Commission in writing whether the change is significant enough to require the filing of a new Notice of Intent.
14. The Agent or members of the Conservation Commission and the Department of Environmental Protection shall have the right to enter and inspect the area subject to this Order at reasonable hours to evaluate compliance with the conditions stated in this Order, and may require the submittal of any data deemed necessary by the Conservation Commission or Department for that evaluation.
15. This Order of Conditions shall apply to any successor in interest or successor in control of the property subject to this Order and to any contractor or other person performing work conditioned by this Order.
16. Prior to the start of work, and if the project involves work adjacent to a Bordering Vegetated Wetland, the boundary of the wetland in the vicinity of the proposed work area shall be marked by wooden stakes or flagging. Once in place, the wetland boundary markers shall be maintained until a Certificate of Compliance has been issued by the Conservation Commission.
17. All sedimentation barriers shall be maintained in good repair until all disturbed areas have been fully stabilized with vegetation or other means. At no time shall sediments be deposited in a wetland or water body. During construction, the applicant or his/her designee shall inspect the erosion controls on a daily basis and shall remove accumulated sediments as needed. The applicant shall immediately control any erosion problems that occur at the site and shall also immediately notify the Conservation Commission, which reserves the right to require additional erosion and/or damage prevention controls it may deem necessary. Sedimentation barriers shall serve as the limit of work unless another limit of work line has been approved by this Order.
18. All work associated with this Order is required to comply with the Massachusetts Stormwater Policy Standards.

Special Conditions:

See Page 10

Massachusetts Wetlands Protection Act M.G.L. c. 131, §40
and Town of Plymouth Wetlands Bylaw

D. Findings Under Municipal Wetlands Bylaw or Ordinance

1. Is a municipal wetlands bylaw or ordinance applicable? Yes No
2. The PLYMOUTH Conservation Commission hereby finds (check one that applies):
3. that the proposed work cannot be conditioned to meet the standards set forth in a municipal ordinance or bylaw specifically:

a. Municipal Ordinance or Bylaw

b. Citation

Therefore, work on this project may not go forward unless and until a revised Notice of Intent is submitted which provides measures which are adequate to meet these standards, and a final Order of Conditions is issued.

4. that the following additional conditions are necessary to comply with a municipal ordinance or bylaw:

PLYMOUTH WETLANDS BYLAW

a. Municipal Ordinance or Bylaw

b. Citation

The Commission orders that all work shall be performed in accordance with the following conditions and with the Notice of Intent referenced above. To the extent that the following conditions modify or differ from the plans, specifications, or other proposals submitted with the Notice of Intent, the conditions shall control.

- c. The special conditions relating to municipal ordinance or bylaw are as follows:

B1. Additional Conditions (issued by the Town of Plymouth)

The Town of Plymouth Conservation Commission has found it necessary to include these additional conditions as a standard part of every Order.

If the Condition applies, then the corresponding box will be checked.

- 1. The applicant or owner shall allow the Commission members and/or their agent to inspect the property in order to evaluate compliance with the conditions of this Order. Reasonable notice to the applicant shall be attempted prior to said inspection.
- 2. All construction must comply with the latest referenced plans and the conditions of this Order. Under this filing, no change in plan is permissible without prior written approval from the Commission. For any proposed change in the approved plans or in the work, the applicant shall inquire in writing of the Commission whether the change is substantial enough to require either an Amended Order of Conditions or a new Notice of Intent.
- 3. The Conservation Commission shall be notified at least five (5) days prior to the commencement of work. This notification must be in writing and sent either by mail or hand delivered to the Conservation office, Town Hall, 11 Lincoln Street., Plymouth, MA 02360. This enables the Commission the opportunity to insure all preconstruction conditions have been met.
- 4. Copies of all required permits, including proof of recording of the Order from the Registry of Deeds (Book and Page No.), shall be submitted to the Commission prior to commencing any work on site.
- 5. The project engineer(s) and contractor(s) shall be provided with copies of this Order, the submitted Notice of Intent, and the above referenced plans and shall have these documents available on-site during construction.
- 6. Disturbed areas shall be stabilized to prevent erosion with hay, straw, mulch or other protective covering or method approved by the U.S. Department of Agriculture Soil Conservation Service.
- 7. Any debris generated from any work by the applicant shall be removed from the site.
- 8. Construction may be considered complete after all disturbed areas have been revegetated with plant material acceptable to the Conservation Commission.
- 9. If a project has been completed in accordance with plans stamped by a registered professional engineer, architect, landscape architect or land surveyor, a written statement by such a professional person certifying substantial compliance with the plans and setting forth what deviation, if any, exists from the plans approved in the Order shall accompany the request for a Certificate of Compliance.
- 10. This Order shall apply to and become the responsibility of the applicant, owner, their agent, successor or assignee.
- 11. Failure to comply with any of the conditions listed in this Order, including but not limited to time limitations, notifications, installation of erosion control measures, recording of the order, and project construction, shall be deemed sufficient cause, unless adequate justification is provided, for the issuance of non-criminal citation(s), under the TOWN OF PLYMOUTH WETLANDS BYLAW. Thus, please read this order and contact this office for any assistance needed.

B1. Additional Conditions (issued by the Town of Plymouth)

12. No additional work shall be allowed in or within 100 feet of the wetland/resource area boundary, including but not limited to the cutting or removing, of vegetation or soil, unless it is specifically allowed by this Order and as is shown on the final approved plan, or unless it is first approved by the Conservation Commission. The purpose of this condition is to encourage the growth and stability of natural vegetation (trees, shrubs, thickets, etc.) and land features, in order to provide an undisturbed natural buffer to the wetland and/or resource area.

13. Copies of all plans and/or other information received by the Commission for this project shall be submitted by the applicant to the Southeast Regional Office of the Department of Environmental Protection (DEP), 20 Riverside Drive, Route 105, Lakeville, MA 02347.

14. Prior to the commencement of work, the Conservation Staff Aide and/or Commissioners shall inspect the property in order to approve of the siltation barrier installation, which shall be as per the final approved plans referenced (or mandated) by this Order, and thus between the wetlands resource area and the proposed work. No work can commence without this approval. The siltation barrier shall be a line of double staked haybales OR siltation fence, which shall either be backfilled on the upgradient side or entrenched. Any tears, rips, breaks or collapse of the siltation control barrier shall be repaired immediately (i.e., in no more than 24 hours).

15. If this project involves work on a septic system, then this is also subject to approvals by the Plymouth Board of Health. Any plan changes shall require the approval of the Conservation Commission.

F. Appeals

The applicant, the owner, any person aggrieved by this Order, any owner of land abutting the land subject to this Order, or any ten residents of the city or town in which such land is located, are hereby notified of their right to request the appropriate DEP Regional Office to issue a Superseding Order of Conditions. The request must be made by certified mail or hand delivery to the Department, with the appropriate filing fee and a completed Request of Departmental Action Fee Transmittal Form, as provided in 310 CMR 10.03(7) within ten business days from the date of issuance of this Order. A copy of the request shall at the same time be sent by certified mail or hand delivery to the Conservation Commission and to the applicant, if he/she is not the appellant. Any appellants seeking to appeal the Department's Superseding Order associated with this appeal will be required to demonstrate prior participation in the review of this project. Previous participation in the permit proceeding means the submission of written information to the Conservation Commission prior to the close of the public hearing, requesting a Superseding Order or Determination, or providing written information to the Department prior to issuance of a Superseding Order or Determination.

The request shall state clearly and concisely the objections to the Order which is being appealed and how the Order does not contribute to the protection of the interests identified in the Massachusetts Wetlands Protection Act, (M.G.L. c. 131, § 40) and is inconsistent with the wetlands regulations (310 CMR 10.00). To the extent that the Order is based on a municipal ordinance or bylaw, and not on the Massachusetts Wetlands Protection Act or regulations, the Department has no appellate jurisdiction.

Any person aggrieved by a decision of the Conservation Commission under the Town's Bylaw may appeal to Superior Court within 60 days from the date of issuance of this Order.

Any condition pertaining solely to the Town of Plymouth Wetlands Bylaw may not be appealed to the State.

All other conditions are being issued under both the Massachusetts Wetlands Protection Act and Town of Plymouth Wetlands Bylaw and pursuant regulations.
